

GIVE FOR SOCIETY

Hyderabad, Telangana

Integrated Constituency Development

& Digital Inclusion Framework

A CSR-Driven Rural Transformation Initiative

01

MANTHANI ASSEMBLY
CONSTITUENCY

Telangana

₹17.41 Cr

5 Flagship Initiatives · One Ecosystem

Five Initiatives. One Constituency. One Integrated Ecosystem.

This framework consolidates women's dignity, preventive healthcare, school modernization, rural digital learning, and youth employability into a single convergence-based model for the rural and tribal communities of Manthani Assembly Constituency.

- 01** **Sthree Swabhimān** – Menstrual Hygiene & Dignity Initiative For Girls
- 02** **ArogyaSetu** – Mobile Medical Unit (health van) for rural & tribal villages
- 03** **Empowering Rural Learning** – STEM & WASH infra for Govt Schools
- 04** **Integrated Learning Centers** – Empowering rural community
- 05** **Rural Youth Digital Employability** – Upskilling with Data Science

₹2.29 Cr

TOTAL INTEGRATED PORTFOLIO

₹17.41 Cr

Why a Portfolio — Not Five Separate Projects

Isolated CSR interventions create islands of impact that fade once funding ends. This framework is engineered to avoid that — through four structural choices.

01

Durable Public Assets

Permanent institutional infrastructure — never temporary programmes.

02

Convergence by Design

Five initiatives share infrastructure & beneficiaries, multiplying impact per rupee.

03

Institutional Ownership

Host institutions & communities own and sustain assets long-term.

04

Measurable Outcomes

Every initiative carries defined beneficiary & outcome metrics.

One equation governs every rupee in this framework.

Not a grant-consumption model. An asset-creation model — every rupee held to durable assets, institutional ownership, technology-enabled delivery, and measurable public outcomes.

INITIATIVE 1

Sthree Swabhiman

Women & Adolescent Dignity Initiative

INVESTMENT

₹2.52 Cr

PHASE-1 TARGET

Government residential schools across the constituency

OBJECTIVE

Strengthen menstrual hygiene awareness, adolescent dignity, sanitation infrastructure, and institutional hygiene ecosystems for girls in government & residential institutions.

KEY COMPONENTS

- Menstrual hygiene awareness
- Hygiene kits
- Eco-friendly electric incinerators
- Institutional WASH strengthening
- Girls' hygiene infrastructure
- Teacher & warden orientation

EXPECTED OUTCOMES

Improved attendance · stronger dignity systems · reduced absenteeism · safer institutional environments.

INITIATIVE 2

ArogyaSetu

– Health and Well-being Initiative for Rural and Tribal Communities

INVESTMENT

₹2.32 Cr

PHASE-1 TARGET

1 Fully-equipped Mobile Medical Unit (health van)

OBJECTIVE

Improve preventive healthcare accessibility for rural and tribal communities through mobile outreach and telemedicine-enabled support systems.

KEY COMPONENTS

- Advanced Mobile Medical Van
- Telemedicine systems
- Preventive diagnostics
- PHC-linked outreach camps
- Women & adolescent screening
- Community health awareness

EXPECTED OUTCOMES

Improved preventive access · early disease detection · maternal & adolescent healthcare · rural diagnostic reach.

INITIATIVE 3

Empowering Rural Learning

School Infrastructure, STEM & Digital Education

INVESTMENT

₹6.61 Cr

PHASE-1 TARGET

25 government schools fully modernized

OBJECTIVE

Modernize government schools through integrated STEM infrastructure, digital classrooms, sanitation systems, and smart learning environments.

KEY COMPONENTS

- STEM laboratories
- School libraries
- Toilet & WASH + water
- Smart classrooms
- Classroom furniture
- Sports infrastructure

EXPECTED OUTCOMES

Improved educational quality · enhanced STEM exposure · digital literacy · better school participation.

INITIATIVE 4

Integrated Learning Centers

Rural Digital Learning & Community Development

INVESTMENT

₹3.67 Cr

PHASE-1 TARGET

5 ILCs in major Gram Panchayats / mandal HQs

OBJECTIVE

Establish integrated rural learning, digital literacy, and community empowerment centers as Rural Knowledge & Digital Empowerment Hubs.

KEY COMPONENTS

- Community libraries
- Digital kiosk labs
- e-Learning systems
- Career guidance support
- Women empowerment & SHG
- Multi-purpose training halls

EXPECTED OUTCOMES

Rural digital inclusion · community learning ecosystems · women empowerment · shared convergence backbone.

INITIATIVE 5

Rural Youth Digital Employability

AI, Digital Skills & Workforce Readiness

INVESTMENT

₹2.29 Cr

PHASE-1 TARGET

1,000 rural youth upskilled & placement-supported

OBJECTIVE

Strengthen rural youth employability and future-skills readiness through technology-enabled learning and ILC-based skilling infrastructure.

KEY COMPONENTS

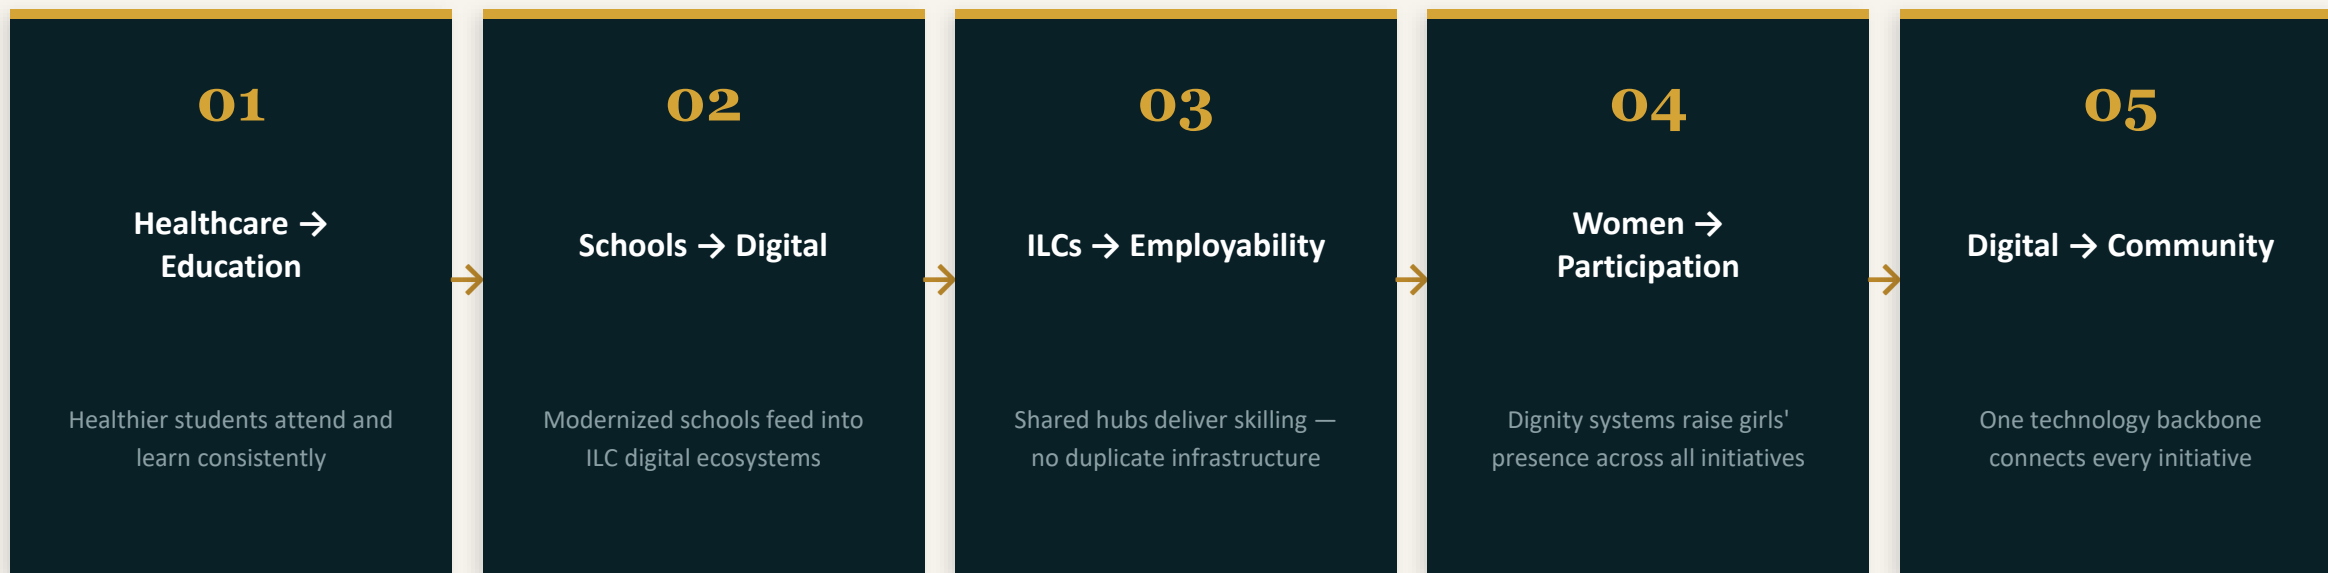

- LMS-based hybrid learning
- Digital literacy
- AI & Data Science awareness
- Python & Analytics
- Employability training
- Certification & placement

EXPECTED OUTCOMES

Workforce readiness · digital productivity · AI awareness · career preparedness — via ILC infrastructure.

More Than the Sum of Its Parts

The five initiatives are not parallel projects — each strengthens the others through deliberate convergence.

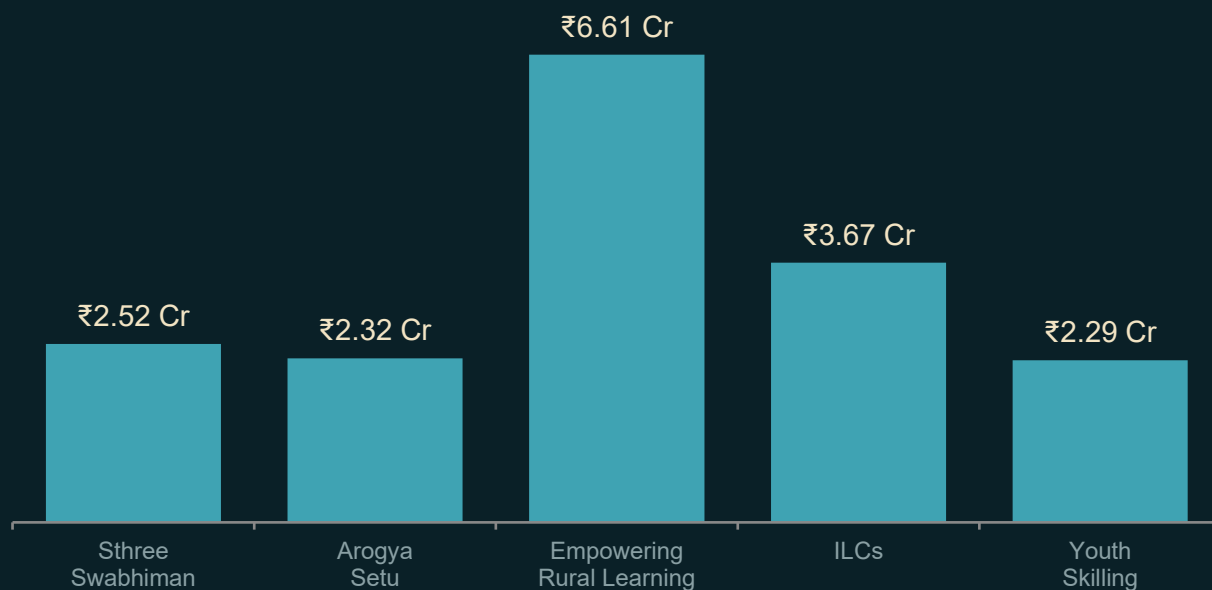

Convergence delivers - shared infrastructure · implementation efficiency · sustainability · scalability · constituency-wide impact.

A Modular Funding Architecture

PORTFOLIO

₹17.41 Cr

Every rupee maps to durable assets & measurable outcomes — no untraceable overheads. Convergence means one-initiative funders still benefit from the whole ecosystem's lift.

Lead Transformation Partner

Full portfolio · ₹17.41 Cr

Pillar Partner

One initiative · ₹2.29–6.61 Cr

Thematic Co-Funder

A cluster (e.g. health + dignity)

Component Supporter

Specific components · modular

A Deliberate Three-Phase Sequence

01

PHASE 1

Women & Healthcare

Sthree Swabhiman & ArogyaSetu rollout ·
institutional mapping · pilot infrastructure

02

PHASE 2

Infrastructure & Digital

School modernization · ILC establishment ·
digital ecosystem deployment

03

PHASE 3

Skilling & Ecosystem

Skill development expansion · AI & workforce
readiness · community strengthening

Logic: build trust through visible health & dignity wins → invest in durable infrastructure → layer skilling onto established platforms.

Built for Partner Confidence

Governance Principles

- Transparency — documented fund flows
- Accountability — outcome metrics per initiative
- Sustainability — institutional ownership
- Technology-enabled MIS monitoring
- Outcome-driven implementation

Why Give For Society

- Telangana Governor's Excellence Award 2025
- Proven government-institution engagement
- Designed this integrated framework end-to-end
- Outcome metrics & transparent reporting
- Sustainability engineered into every initiative
